

## TERM 3 – 30<sup>th</sup> January 2026

Dear Families,

It is a funny old time of the year - Christmas seems a long time ago, it feels like January has lasted for at least 3 months, the clocks don't change for another couple of months etc...However, what is fabulous about this time of year though is for that 'head down, keep going-type' practice that builds our resilience and it helps build resilience in our children too.

All of us every now and again need a reassuring hug to let us know it is going to be ok and as a school we try to do that for our children every day - but us who work in our schools need that too. We too are carers, parents and like you we have hectic busy lives. We all need to be mindful of what we all need and sometimes just stop and think about how we react and if it is sometimes, just a little too quick without stopping and thinking.

We pride ourselves in being fully inclusive schools - it is not only our moral but our legal duty to educate all children. We all need to remain kind, calm and consistent and we really, really do appreciate your support with this - it makes everything easier for everyone.

Emma Barker
